Please list relevant grant awards, presentations and publications (and indicate those that relate to past PSF grants received):

Page 3

Please indicate below conferences/workshops that you would like to attend if awarded these funds. These should fit within the program guidelines and therefore should have a focus on clinical research training and development to enhance applicant’s knowledge/skills in outcomes/translational/clinical research. If including more than one, please rank in order of career relevance/level of interest:

(Some examples of topics might include how and when to use patient reported outcomes and creating new reporting mechanisms; Design and implementation of clinical trials, creating fundable clinical trials, and statistical concepts of a trial; Design of qualitative, quantitative, observational, and mixed methods studies, R and K award proposal writing, career development, and personalized consultations with experts to review specific research ideas & projects.) Each awardee can request up to \$2,500 to defray the costs of registration and travel expenses.

Conference name and organization	Date and location	Main topics to be presented	Amount requested	Rank (1,2 or 3)

Please include a budget for the total amount that outlines estimated costs for tuition, travel, and per diem for lodging.

Please provide a brief statement of previous relevant experience and career goals related to the award/ conference and the ASPS/PSF:

Please attach Curriculum Vitae (CV) and letter(s) of support from your Department/Division Chair and others
