How to Become a Fresh Start Caring For Kids Patient

Visit www.freshstartkids.org/get-help/ to obtain and complete an application online.

Infant, child, or teen must have a physical or cosmetic deformity caused by birth, disease, accident or abuse.

Be uninsured, underinsured or denied procedure

Certain insurance companies follow strict guidelines as to what services they will cover.

Demonstrate financial hardship

Would a prospective patient suffer financial hardship if they paid out-of-pocket for care?

Fresh Start Medical Staff meet and put together application packets to present to MPC.

Fresh Start Medical Staff review each application to ensure criteria is met.

Apply
Complete and submit the FSCFK application.

Medical Program Committee (MPC)

is comprised of volunteer surgeons, dentists, nurses, and other medical professionals; it meets every four months.

Committee Meeting

MPC Members review applications and decide which cases we may accept and what the course of treatment will be.

Welcome to the Fresh Start Family!

Patients who meet criteria and have conditions for which we have the resources to treat will receive medical care.
