

Biography:

Dr. Gabriel Del Corral is an Associate Professor of Plastic Surgery at MedStar Georgetown University Medical Center and Director of the MedStar Center for Gender Affirmation. A double board-certified plastic surgeon, he specializes in facial, body, and genital gender-affirming procedures, providing comprehensive care and compassionate support to patients.

Dr. Del Corral trained in general surgery at Main Line Health Jefferson Health System, completed a plastic surgery residency at Vanderbilt University Medical Center, and pursued a microsurgery fellowship at the University of Pennsylvania. He has multiple publications in gender affirmation surgery, has lectured at national and international conferences, and has mentored residents and medical students who have gone on to successful academic and private practice careers.
