

Elizabeth Slass Lee, MD

Dr. Elizabeth Slass Lee is the owner and Captain of ArtfulSurgery, a boutique aesthetic plastic surgery practice in the San Francisco Bay Area. She has transformed the practice through a series of iterations from a first job as an employed physician at a children's hospital, through a solo private practice specializing in hands and breast surgery, to its current form of aesthetic surgery, integrated with technology chosen to provide non-surgical benefits to her patients.

A graduate of Northwestern University's Honors Program in Medical Education, Dr. Lee trained her internship year in Internal Medicine at The New York Hospital in Manhattan and completed residencies both in General Surgery and in Plastic and Reconstructive Surgery at the Albert Einstein College of Medicine in New York. After a year abroad with her husband and children, the family relocated to San Francisco for her fellowship training in Surgery of the Hand and Reconstructive Microsurgery at the Buncke Clinic at Davies Medical Center. And so, the Bay Area has been home since 1995.

A mother, a jeweler, a knitwear designer, a wife, Board Certified in Plastic Surgery and past Board Certified in General Surgery, Dr. Lee brings together top-notch surgical skills, careful consideration for her patients' concerns and desires, and the eyes and hands of an artist. "A Surgeon's Hands, A Woman's Touch."
