

Melissa Poh, MD is a Partner Physician in the Southern California Permanente Medical Group and an Adjunct Clinical Associate Professor of Surgery at the Keck School of Medicine of University of Southern California in Los Angeles, CA. She obtained her undergraduate degree from MIT, followed by medical school at Georgetown University where she graduated magna cum laude. Afterwards, she completed a full General Surgery Residency at Duke University and then a second residency in Plastic Surgery at Vanderbilt University. Finally, she furthered her training with a Reconstructive Microsurgery Fellowship at University of Texas MD Anderson Cancer Center in Houston, TX.

Dr. Poh currently serves as the Kaiser Permanente Regional Surgical Co-Director of Genital Gender Affirming Surgery. Her practice focuses on genital gender affirmation surgery and reconstructive microsurgery post-oncologic extirpations. She enjoys teaching and mentoring plastic surgery residents from USC and general surgery residents and medical students within Kaiser Permanente. She has presented numerous lectures at both national and international professional meetings and acts as an ad-hoc reviewer for several peer-reviewed journals. She is an active member of multiple academic organizations including the American Society of Plastic Surgeons, American Association of Plastic Surgeons, World Society of Reconstructive Microsurgery, World Professional Association for Transgender Health (WPATH) and recently served on the Council for American Society for Reconstructive Microsurgery.
