

How to use the National Breast Implant Registry (NBIR) Paper Case Report Form (CRF):

1. Download and print the following documents from www.plasticsurgery.org/NBIR:

- NBIR CRF
- NBIR eFAX Cover Sheet

Please note – although these documents are not likely to change often, be sure to routinely check the website to ensure you are using the most current versions.

2. Using black or blue pen, complete the NBIR CRF to the best of your ability—items marked with an asterisk (*) are required fields for Device Tracking and must be completed before submission to the NBIR.
3. Add each device sticker (RIGHT and LEFT, if applicable) to the paper CRF.
4. Review and complete the CRF for completeness and accuracy.
5. Once the CRF is complete, **complete all of the fields on the NBIR eFAX Cover Sheet.**
6. Please refer to the eFAX number found on the eFAX Cover Sheet, and fax both the cover sheet and CRF to the NBIR.
7. Save the eFAX confirmation for your records.
